Chief Secretary to Government.

Final Note by the Home Minister.

Subject.— Appointment of Special Chief Engineer.

With a view to augment the Grow More Food Scheme, the Public Works Department was re-organised in accordance with G.O.No.2793-2892/C.B.93-49-1 dated 27th September 1949. - According to this Government Order, a place of Special Chief Engineer who will also be Secretary to Government, Public Works Department and a post of Deputy Chief Engineer were created. The Special Chief Engineer is assigned the duty of paying special attention to the complicated question regarding Cauvery and Tungabhadra river vallies which are pending. Accordingly the subject of appointing a Special Chief Engineer was under consideration since June 1949. After re-organisation of the Department, it was found necessary to post a competent person as Special Chief Engineer to enable Government to get the desired result according to the new scheme. This question was considered at a meeting of the council held on 21st November 1949 when the following resolution was passed.

> "The Council is of opinion that Sri B.S. Narasinga Rao, retired Chief Engineer may be appointed Special Chief Engineer and Secretary for a period of one year. His pay will be fixed at Rs. 1400/- per mensem including his pension.
>
> Sri S. Biligiri Rao may be appointed Deputy Chief Engineer in the place newly created with an allowance of Rs.100/- in addition to his present pay."

I solicit the gracious sanction of his Highness to the above resolution of the council.

Date 16-8-49

Dear Sir,

I wish to submit that ever since Sri. B.S. Narasinga Rao, Chief Engineer for Irrigation, was permitted to go on leave from 16th June 1949, I have been entrusted with the additional responsibility of looking after the duties of Irrigation Department in addition to the work in Roads & Buildings Department. I may mention that the work is on the increase in both the Departments and will not leave me time to devote any attention to important subjects. Both the Departments may be classed as 'Development Departments' with many projects to be pushed through.

The heavy work and strain may result in many papers being allowed to lie over.

Hence I request you, in the interest of the Department, that ~~immediate~~ arrangements may kindly be caused to be made for the immediate posting of the other Chief Engineer.

With high regards,

Yours sincerely,
M N Lakshmana Rao
